

Round Table on Medical Technology Nomination Form

Introduction

Swissmedic has long maintained a direct dialogue with the associations, and this dialogue has proven its value. It promotes mutual understanding of guidelines and concerns and ensures regulatory, process-related and technical changes can be planned and implemented efficiently. Swissmedic remains committed to enabling the associations to raise their concerns in a timely manner even after the entry into force of the new medical devices regulation.

New structure

Roughly three years after the establishment of the Round Table on Medical Technology (RTMT), Swissmedic has decided to restructure the Round Table to reflect changes to the legal environment (new medical devices legislation: MedDO, ClinO-MD and IvDO) as well as the new situation regarding the MRA.

It is important to Swissmedic that the Round Table on Medical Technology should feature balanced representation of the various medical devices stakeholders from the medical technology industry, healthcare institutions, laboratories, medical technology networks and service providers in the therapeutic products industry.

The Terms of Reference of the Round Table on Medical Technology continue to serve as the basis for the collaboration and are available on the Swissmedic website: <https://www.swissmedic.ch/swissmedic/en/home/medical-devices/regulation-of-medical-devices/roundtable-medizintechnik-rtmt.html>

Interested associations/organisations can nominate their representative (and deputy) to Swissmedic using the form provided.

Administrative details	
Organisation / association	Name an abbreviation: Address: E-mail: Website:
Head of the organisation/ association	Name: Position: Address (<i>business</i>): Phone Number:. E-mail:
Round Table representative	Name: Position: Address (<i>business</i>): Phone number: E-mail:
Round Table deputy	Name: Position: Address (<i>business</i>): Phone Number: E-mail:
